## ABOUT ME

I'm PHP developer with over 5 years of experience working with PHP, specifically with the Laravel framework. Very interested in system handling, web service development, and exploring new technologies.

I am looking for a long-term opportunity where I can grow both professionally and personally. My goal is to continuously enhance my technical and leadership skills, take on more responsibilities, and contribute to the success of the company. Through hands-on experience, mentorship, and continuous learning, I aim to develop myself into a skilled manager who can lead teams effectively, optimize workflows, and drive innovation in software development.

TECHSTACK:
- **PHP, Laravel, Docker, Vue.js, HTML, CSS, JS, Wordpress, PostgreSQL, AWS EC2, AWS S3, Redis, Supervisor, jQuery**
